**DEFINITION OF "AIR CONDITIONING":** "Air Conditioning" within the "Barron Pay Back Program" is defined as such; the installation of an outdoor condensing unit and indoor coil with required refrigeration lines and electrical service to a customer's preexisting furnace. No other equipment or components will be swapped or considered, including Heat Pumps, Furnaces, Ductless/Mini-Splits, etc. The winning person's existing equipment must be compatible with equipment that Barron has in inventory. Should the existing equipment not be compatible, the customer will be given the option to upgrade their furnace at their own expense. Any upgrade must also meet the compatibility requirement. Air Conditioning must be installed on a furnace 12 years or newer.

**PRIZES:** Two entrants will win FREE Air Conditioning valued up to \$10,000. One: the entrant with the oldest currently installed furnace wins free Air Conditioning. Two: all remaining entries will be pooled together, and one entrant will win free Air Conditioning. Air Conditioning must be installed in the Barron service area only. These areas include the I-5 corridor from Blaine to Marysville, Oak Harbor to Concrete, and the San Juan Islands. Barron Pay Back Program winners may not redeem for cash. The prize must be redeemed by December 31, 2023.

**WINNERS WILL BE CHOSEN AND NOTIFIED:** All entries both with and without purchase will be assigned one number and selected via an online random selection generator. Winners do not have to be present to win. Two winners will be drawn on Wednesday, March 1, 2023. Winners only qualify to win once. Winners will be notified by email and phone, to verify their eligibility and ability to accept the applicable prize. If a potential winner is not available or if there is no answer, a voicemail will be left (if possible). The voicemail or e-mail will instruct the potential winner to call a specified telephone number or reply by e-mail within 24 hours after the time that the notification message was left. The potential winner must reply as instructed to identify themselves, confirm their eligibility and ability to accept the prize, and provide their complete contact information within that 24 hour time frame, or they will be disqualified. It is Barron Heating AC Electrical & Plumbing's sole discretion that a potential winner may only be notified one time as set forth above for attempted prize notification. Each potential winner will be required to complete an affidavit/declaration of eligibility, and a publicity release (winners first name, last initial, and city of residence will be used in the media), which must be returned within the time specified in potential winner's notification letter or e-mail. Proof of identity, age, and legal residence will be required to claim a prize. Each winner is responsible for applicable state or federal taxes.
